

# PROFESSIONAL HORSE PASTURE MIXTURE

High-quality pastures can provide much of the feed needed by horses, while providing the most natural and healthy environment for exercise and rest. Establish this type of productive environment – a health, safe, and attractive pasture – for your horses by using the quality components in Professional Horse Pasture Mixture.

Farm Science Genetics Professional Horse Pasture Mixture is a forage blend specially formulated to meet the nutritional needs of horses, while withstanding their intense grazing pressure.

## Northern Mix Ingredients

### Extend Orchardgrass 35%

- Excellent for grazing due to low crown and profuse tillering
- Leaves are very palatable to horses
- Resists most foliar diseases, including rust

### Forage Kentucky Bluegrass 25%

- Tolerates close and frequent grazing
- High nutritional value
- Persistent
- Winterhardy

### Summit Timothy 15%

- Early maturity
- Great Palatability
- Improved summer regrowth
- Excellent spring vigor
- Superior leafiness
- Very winterhardy

### Boost Perennial Ryegrass 10%

- Very Palatable
- Good digestibility
- Easy establishment
- Handles intensive grazing well

### Intermediate Ryegrass 10%

- Fast establishment
- Vigorous regrowth
- Drought tolerance
- Highly nutritious

### Pinnacle Ladino Clover 5%

- High-quality feed for horses
- Large leaf clover
- Persistent: survives intense grazing pressure
